Art Unit: 2821

## Allowable Subject Matter

1. Claims 1-3 are allowed.

2. The following is an examiner's statement of reasons for allowance

The prior art does not teach that, a plurality of pairs of light sources for ultraviolet light and white visible light are arranged, and a computer controls selection of a pair of light sources and periodic application of voltages from power supplies to the selected pair of light sources and the illuminating power supply for heating filaments and enabling motion of thermo electrons within the hot cathode tube and at a same time periodic repetition of the lighted state and unlighted state are capable of executing and interrupting application of voltage in combination with all limitations recited in independent claim 1.

3. Claims 2-3 are allowed, since they are depending on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Baretz et al (US 6,600,175) and Tews et al (US 6,396,081) are cited to show a illumination lamp.
